

Introducing A Sense of Home New York

A Sense of Home (ASOH) strives to prevent homelessness by creating homes and an ongoing community of care for displaced individuals and families.

Each year in New York, thousands of young people exiting the foster care system face an abrupt, unsupported transition into adulthood, putting them at disproportionate risk of homelessness. Nationally, 50% of people experiencing homelessness have been in foster care.

For foster youth, the transition to adulthood is a critical moment – and a preventable path to homelessness.

Creating a sense of home and belonging is essential to stability and long-term success. By furnishing first apartments for former foster youth, with the support of community volunteers, ASOH helps transform empty spaces into homes, creating the foundation for independent, thriving lives.

Introducing A Sense of Home New York

Our 3-Step Approach

Housing Navigation

We help young people exiting foster care secure safe, stable housing, guiding them through the process and connecting them with the resources they need to begin their journey toward independence.

Home Creation

In just 90 minutes, our volunteers transform empty apartments into homes filled with dignity and comfort that reflect the recipient's personal style, colors, and aesthetic. Our Home Creations foster a true sense of belonging, creating a space where recipients feel safe, supported, and confident as they begin their next chapter.

Wrap-Around Services

We connect each recipient with trusted community partners to provide guidance, mentorship, and support, ensuring ongoing stability and empowering them to reach their full potential. Additionally, recipients can apply to the ASOH educational scholarship, financial literacy trainings, mental health referrals, real estate literacy training, empowerment workshops, community events, and peer mentorship.
